

Network cameras

VN-C215V4U(A)

- IP-Minidome Progressive Out
- x4 Varifocal lens, PoE
- Fullframe M-JPEG 30fps VGA
- Webserver, Alarm interface, Motion Detection

VN-C215VP4U(A)

- IP-Minidome Progressive Out
- x4 Varifocal lens, PoE, vandal-resistant, IP66
- Fullframe M-JPEG 30fps VGA
- Webserver, Alarm interface, Motion Detection

VN-V25U

- Dualstream IP-Camera, PoE
- Fullframe M-JPEG/MPEG4 30 + 30fps, PoE
- Progressive CCD, Easy WideD
- Privacy Mask, Alarm interface 2 in/2 out, Motion Detection

VN-V26U

- Dualstream IP-Camera True Day/Night
- Fullframe M-JPEG/MPEG4 30 + 30fps, PoE
- Progressive CCD, Easy WideD, Audio
- Privacy Mask, Alarm interface 2 in/2 out, Motion Detection

VN-V225VP4U* **NEW!**

- Dualstream IP-Minidome Progressive Out
- x4 Varifocal, PoE, vandal-resistant, IP66
- Fullframe M-JPEG/MPEG4 30 + 30fps
- Webserver, Alarm interface 2 in/2 out, Motion Detection

VN-X35U **NEW!**

- 1.3 Megapixel IP-Camera 1280x960
- Dualstream M-JPEG/MPEG4
- Progressive Scan, Digital ePTZ, PoE
- Easy Day/Night, Easy WideD, Audio

VN-V686WPU **NEW!**

- IP-Highspeed PTZ-Dome x36 Zoom
- DirectDrive: High Precision & Reliability
- Fullframe Dualstream M-JPEG/MPEG4 30 + 30fps
- True Day/Night(IR), Intelligent Tracking

* from January 2009

Analogue cameras

TK-C215V4E

- Minidome 540TVL
- Easy Day/Night
- x4 Varifocal lens
- 3-axis rotation lens

TK-C685 WPE **NEW!**

- Highspeed Outdoor PTZ-Dome x27 Zoom
- DirectDrive: High Precision & Reliability
- 540TVL, True Day/Night(IR), Autotracking

TK-C921BEG

- Easy Day/Night Camera
- 550 TVL, Super LoLux
- Display Mode LCD/CRT

TK-C926EG

- True Day/Night (IR) Camera
- 540TVL, Super LoLux
- Display Mode LCD/CRT

Recorders

VR-N900U

- All-In-One 9CH Hybrid Network recorder
- M-JPEG, MPEG4, HD Recording
- Open Platform Protocol
- MILESTONE XPROTECT embedded

VR-N1600E

- All-In-One 16CH Network recorder
- M-JPEG, MPEG4, HD Recording
- Open Platform Protocol
- MILESTONE XPROTECT embedded

Monitors

CO-46/ GM-F470S Series

- Professional 46" / 47" LCD-Display
- Crystal clear images up to HD 1920x1080

DT-V24L3D

- 24" LCD Monitor
- Full-HD 1920x1200 pixels
- High Performance LCD Panel

DT-V20L3D

- 20" LCD Monitor
- W-SXGA + (1680x1050)
- High Performance LCD Panel

LM-H171/LM-H191

- Professional LCD 17"/19"
- 2x BNC, DVI-D, RGB
- Quick Switch, High Contrast
- PictureMode(4), Metal Cabinet 1280x1024

IP Video Software

MILESTONE XPROTECT

- Open Platform IP Video Software

JVC

- IP Video Software VN-RS800
- Compatible IP Video Software from well-known producers

Miscellaneous

PAXTON

- Access control systems

AMX

- Touch panel systems for Camera- and Mediacontrol

Security at the highest level

Project Report

Experience the complete product line of video security solutions from JVC Professional Europe, brought directly to you.

Save yourself a long journey – **we'll visit you and your partners directly:**

The Professional CCTV Tour 2009 will visit several locations all across Europe, offering professional advice and providing the opportunity to see high quality CCTV solutions first-hand.

“JVC: Security at the highest level.”

All the major CCTV components and accessories will be demonstrated as part of the tour.

Book a visit from the CCTV vehicle now to secure your individual demonstration and consultancy appointments for your company and your customers.

Experience technical innovation in action!

- DirectDrive High-speed Domes
- Megapixel Cameras
- All-In-One Networking
- Full-frame Dual-stream IP Cameras

DHL focuses on CCTV over IP by JVC.
Definitely a good decision.

JVC Professional – a worldwide brand you can trust, delivering maximum picture quality, clever functionality and ultimate reliability

DHL recently chose professional IP cameras from JVC for the new Airhub in Leipzig, as part of a complex security solution by the JVC system integrator, WIS Sicherheit. More than 550 IP cameras fulfil the tasks of coverage, visual operation surveillance and access control at Europe's largest freight distribution centre. DHL chose this system due to its image quality on single frames, special functionality and the reliability of JVC products for 24/7 operation.
